

3/13/2018

Dear Parents,

Beginning this summer, in our continuous efforts to provide the best possible care to our campers and staff, Prescott Farm Environmental Education Center is now partnering with CampDoc.com.

CampDoc.com offers online registration and an electronic health record system for camps. Their system will help us consolidate and integrate camper registration and health information into a centralized and secure location.

The security, confidentiality and privacy of your camper's personal health information will always be protected. Only the Prescott Farm Camp Director will have access to camper health information, and the CampDoc.com site is secure, encrypted and password protected.

Once you sign up for a CampDoc.com account, you will be able to register your camper, select a session and pay your deposit online. You will then receive additional information about how to complete your camper's health profile. You will receive periodic notifications from CampDoc.com if you have an outstanding balance or have not completed required health information.

We are excited to continually evolve, building safer, more productive and more efficient systems to create the best experience for you and your family!

We can't wait to see you this summer!

Sincerely,

Kate Banyas

Camp Director

Prescott Farm Environmental Education Center
