

Beginner Bushcraft, September 21st and 22nd

Please note: Our site **does** have access to full-plumbing bathrooms, so you will not need any sort of catbag, etc.

Recommended Gear List

Flashlight and/or headlamp

Sleep System

- 30°F synthetic or down Sleeping Bag (or warmer).
- Ground pad (rolling, folding or inflatable).
- Footprint (Tyvek, tarp or similar) or waterproof bivouac bag.
- Camp pillow, or stuff sack (soft, rolled up sweater makes a good substitute).
- Waterproof Tarp 8x8ft or larger
- Wool Blanket (optional).

Clothes

- Rain Coat
- Synthetic (nylon, polyester, etc) or Wool clothes in layers. Limit cotton clothing.
- Emergency Cold/Wet weather gear. Hat and gloves.
- Sleeping clothes (such as long j.ohns, a sweatshirt, etc.)
- 2 or 3 pair wool socks
- Sturdy, comfortable boots.

Sustainment

- A backpack or rucksack fitting your belongings
- Waterbottle (may choose stainless steel in lieu of bush pot)
- Stainless steel or titanium camp/bush pot (optional)
- Some snacks (we will be cooking dinner and the following morning's breakfast over the fire)

Tools

- Fixed blade knife (we will be able to lend up to 8 to participants).
- Folding saw (we will have two available for lesson purposes).

Additional Information

If you are concerned about not having the required gear for the class, or don't know what to buy within your price point, please contact Jake Newcomb, our Camp Director. He would be happy to recommend some high quality and affordable pieces. **Please note:** These recommendations come from Jake's personal experience and do not represent any affiliation or sponsorship from recommended brands with Jake himself or Prescott Conservancy Inc.
