

# History of the Land

The Prescott Family has owned this land since 1796. How has this history influenced the landscape around you? You will journey around the lower field, past the barn, and into the Red Trail. As you complete each card, the content becomes more advanced. Ant explorers may decide to stop before they enter the Red Trail (or not!), while Crow explorers may be able to complete the entire route (or not!). Choose your own adventure and have fun!

Level:

## **Content:**
