

Polliwog Spring Session

Wednesdays, 10-11:30 am

5/1 Week One: Music All Around

What do you hear? Discover the wonders of the forest as it is waking up from the winter season. Come along to make nature instruments and play a forest sound game with Racci Raccoon. (puppet)

5/8 Week Two: Down at the Vernal Pool

Salamanders, frogs and toads! Vernal pools are important habitats for them. Come ready to explore one of our favorite wetland areas. We provide nets, you wear rain boots/pants or waders!

5/15 Week Three: Birds On the Move

Do you hear that? It's the sound of birds returning from the south. Come join us for birding with kids. We will meander around the gardens and fields with binoculars and bird whistles. I wonder what birds we will find!

5/22 Week Four: Delicious Dandelion ICE CREAM

Dandelions have a special job! They provide one of the first important food sources for Pollinators. Did you know we can also eat them? We will gather the flowers and use parts to make a homemade ice cream.

5/29 Week Five: Up in the Garden! Down in the Dirt!

Visit the Heritage Garden to meet one of our gardeners. Hear about the importance of what is down in the dirt. Follow Busy Bee (puppet) to plant flowers in our Polliwog Garden.

6/5 Week Six: Whooo's Who? (North American Owls)

Not all owls HOOT! Come find out what other sounds owls make. We will see a taxidermy owl, sing and dance to owl sounds/music, and play an owl and mouse game.
